

**- SYSTEM REQUIREMENTS -**

MSX1 with 16KB RAM

**- OBJECT OF THE GAME -**

You are in a tank, and you find inside a large maze made of brick.  
Your goal is to make green fuel FUEL, because during the game  
Fuel is consumed and finished fuel, the tank will explode losing a life, but  
You have 3 lives per game, in this game there are BONUS EXTRALIFE, then you  
should be careful to keep well your lives throughout the game.  
But if during the course of the labyrinth that I have a vertical scroll of the screen,  
find roads closed, you can destroy the wall of your tank with the shooting  
your bullets for each brick will give you a break score of 100 points. During the game  
there will be a song that will make music together.

**- CONTROLS -**

DIRECTION: cursor keys or joystick port 1

SHOT: space bar or joystick button 1.
